

SHOW UP: When the Blind See

January 28/29, 2017

Mark 8:22-25

How does the invitational life that Jesus lived translate into my life, and our lives?

Jesus knows that it's possible to see with your eyes and still not GET it.

Three kinds of blindness:

1. Until Jesus opens your eyes, you don't understand what you are seeing.

2. Until a heart is transformed by the love of God in Christ, someone may see how you live but still misunderstand what it's all about.

3. Partial blindness of the Jesus follower: Because there's more of God, and more of people for me to see.

I want to show up with Him and show up with people, awake to who's in front of me.

The BLESS life flows from prayerful connecting presence with God.

Love coming down, love going up, and love going out.

What gets in the way of seeing and understanding what life with Jesus is all about?

1. When I'm bored

2. When I'm distracted

What's the antidote? Seeking

3. When I'm judgemental

How DO I see and understand?

1. Begin with prayer

2. Listen
