We trust that even coming into our building and having the 'celebration of life' here will minister peace to you. This guide was put together to assist you as we plan and work together. It is our hope that these specific details will facilitate a service and fellowship time that is full of joy and comfort for all.

To Consider in your Planning

PUBLIC HEALTH GUIDELINES:

- Any person experiencing any signs of illness including cough, fever, shortness of breath, runny nose, or sore throat, is asked to stay home.

FAMILY HOST:

We suggest that families designate a Family Host or take on these responsibilities themselves, to be the liaison before, and during, the day of the funeral to help in the following areas:

- Load all audio and/or visual files on a memory stick and drop off at Beulah's Reception 48hrs before the service;
- Prepare guests before they arrive by communicating any Public Health Guidelines and instructions for accessing our building (which will be emailed to the Family Host in advance);

On the day of the funeral service:

- Bring a tablecloth for the 8ft guest table;
- Set up guest table with family items, flowers, etc;
- Consider bringing hand sanitizer or wipes for the table if a pen is to be supplied with a guest book;
- Set up front of Chapel with flowers, photo, etc;
- Be available to Beulah staff and/or Funeral home staff when needed;
- Work with our Facility Host who will be onsite to support with logistics

IMPORTANT TECHNICAL REQUIREMENTS:

- A memory stick with all audio and/or visual files will need to be dropped off at Beulah's Reception 48hrs before the service.
- If you would like a picture on the screen as people arrive, please provide a hi-resolution JPEG.
- If you require specific songs (for Prelude and Postlude, etc) MP3 files must be provided to Beulah.
- Consider what you would like to have on the screen while music plays (eg pictures or lyrics).
- For videos, MOV, MP4 files are fine.
- Please provide any video files, picture files (JPEG) and music files separately.
- The recommendation for the length of a slideshow is around **6 minutes altogether**. This is up to approximately 100 pictures when presented every 4 seconds.
- Please do NOT compile the pictures and music as a PowerPoint file (PPTX).
- Your musicians and/or song leader will need to bring their own sheet music.
- Will you require Wi-Fi details so you can livestream the service?

Your funeral is important to us. These details will be discussed when you meet with the Officiating Pastor and Funerals Admin...
